Sports Car Races Will Provide Many Thrills Next Week

Preparations are now complete, with exception of last-minute details, for staging of Donner Summit Hill Climb September 17 and 18.

James Harris, president of the Donner Area Junior Chamber of Commerce, sponsor of the event, said the races will start shortly after 7 a.m. Saturday, September 17 at the foot of the twisting steep grade on old Highway 40.

One car will be dispatched every two minutes, with some of the fastest drivers in the west entered in the races. Among them will be Merrill Brenner and Harry Banta, both of Reno. Ron Gautsche and Harry Causey of Truckee are expected to add local color to the contests, Harris said.

The sharp turns will be protected with more than 500 bales of hay backed up with 50-gallon drums of water to prevent the little vehicles from meeting disaster. Line of sight flagmen and emergency crews will be stationed along the route.

Spectators will be received at two ticket booths on the summit an admission charge of $1 will be made. Among the gate keepers will be Bud Howe, Ken Taylor and Oliver Crose, with Leon Lucchesi in charge of spectator safety. Ed Perry and his committee will handle parking and hill control, according to Harris.

Planning Breakfast

Jack Marquette, president of the Lions Club, has appointed Paul Shively to be in charge of the breakfast which will be served at Donner Beach at the west end of the lake providing the location is available. Breakfast of hot cakes, bacon, scrambled eggs and coffee will be served starting about 5 a.m. Marquette said.

E Clampus Barbecue

Members of the E Clampus Vitus are planning a barbecue on Saturday evening, but details depend upon securing the site. Dick Higgins is making the arrangements and an announcement is expected to be made later.

The timing of the racers will be kept by intricate equipment being loaned by the University of Nevada and members of the Nevada Sports Touring Association will have charge of the technical details during the two days of the races.

Harris said that it is impossible to give the exact number of entrans, but that it will be limited to 100 cars, many drivers still not entered but giving indications that they will race.

Essay Contest For Students Started

Youths of the Tahoe Truckee School District have been given a challenge to develop a plan for world peace by the Truckee Lions Club — a challenge that could earn one of them a $25,000 educational or career assistance grant, according to Jack Marquette, president of the local club.

The Truckee Lions, together with Lions clubs throughout the world, is sponsoring a world-wide essay contest for the youth on the most important subject in the world today — peace. The contest offers $50,000 in total awards, including the $25,000 first prize, eight semi-final regional awards of $1,000 and travel expense to eight winners to Chicago in July, 1967. Also, more than 20,000 local, district and multiple district awards will be made.

"We are hopeful one of our young people will win this world-wide prestige award," Marquette said in announcing the sponsorship of the local club.

Participants must be 14 but less than 22 years of age as of January 15, 1967. Judging will fall into four categories, Marquette explained, 75 per cent of the essay's points will be devoted to content, ten per cent to organization, ten percent to style and five per cent to mechanics.

Closing date for the club's contest is December 10, 1966 and students wishing to enter should contact one of the Truckee Lions to get full details of the contest.

Only 67 Names On Petitions Needed For Incorporation

With just 67 signatures necessary to complete the petitions requesting the Nevada County Board of Supervisors to call an election to determine whether this community shall become an incorporated city, sponsors of the plan are hopeful that the documents can be presented to the board by mid-September.

Fred Hodder, chairman of the incorporation committee for the Donner Area Junior Chamber of Commerce, said this week that the third of a series of three letters to absentee property owners were being mailed out. The results thus far came from the first two mailings, plus a lot of work by the committee.

A check was being made this week to determine the amount of assessed valuation is represented in the petitions. It was pointed out that one-quarters of the number of land owners, representing one-quarter of the total assessed valuation in the proposed city must be secured on petitions before the matter can be considered by the supervisors.

The county formation commission has already approved the incorporation of the 44-square mile city which will embrace all the area currently covered by the Truckee Public Utility District.

The petitions were presented to the board more than a year ago but it was found that the number of signatures was insufficient and since that time the board has postponed the required hearing each month to give the committee an opportunity to fill the requirements.

Hodder said this week that all indications point to a early conclusion of the campaign.

Buck Hunters Stew Set For October 9

Truckee Outdoor Sportsmen this year are reviving a custom which for many years marked the high-spot of the year — the annual Buck Hunters Stew.

Working out the details are Doug Watkins, Bud Owens, Bill Walker, Fred Hodder and Bill Davis.

Dozens of gifts, including a .243 Savage sportsman rifle, will be presented during the affair which is expected to attract hundreds of people, non-sportsmen as well as sportsmen.

FIRE AT LAKE BURNS OVER HALF ACRE

KINGS BEACH — A pre-dawn fire in the commercial area of Kings Beach last week destroyed an unoccupied house trailer, a shed and 12 huge Ponderosa pine trees and threatened a heavy stand of timber before it was brought under control by the firemen of the North Tahoe Fire Protection Distirct, headed by Chief Curtis Hart.

Heavy construction equipment owned by Dick Mandeville was removed from the shed. About half an acre was burned over.

BOARD APPROVES PLACER TAX RATE

AUBURN — A record $11,457,258 operating budget and a $2.12 county wide tax rate were approved this week by the board of supervisors which blamed the incerases on the climbing cost of welfare. While the budget itself is only $66,241 more than the one for 1965-66, the tax rate is up seven cents over last fiscal year's figure.

Here is the breakdown on the tax rate: general fund, $1,105, up five cents from 1965-66; welfare, $.3888, up 10 cents; county building fund, $.0207, down eight cents.

Non-countywide taxes, considered separately, will be $.07 for the library (same as 1965-66), and $.045 for fire protection outside the cities of Auburn and Roseville where the rate will be $.035.

County Executive Officer J. E. Williams predicted further increases in welfare spending "unless the State legislature makes some drastic changes in its thinking."

Schools opened in the Tahoe Truckee Unified District Tuesday with a total enrollment of 1853, a gain of 32 over the opening day of the 1965-66 year, when there were 1821.

The gain was principally in the elementary schools, with 28, there being only four additional students in the high school, which registered 479 compared to 475 on the opening day last year.

The Truckee elementary school showed a gain of 17, going up from 405 last year to 422 on opening day this year. Tahoe Lake went from 545 to 560 for a gain of 15 while Donner Trail went up 12 from 26 to 38. Kings Beach showed a decline of 16 dropping from 370 to 354.

EIGHT ARE KILLED IN LAKE PLANE CRASH

Eight people have died as a result of airplane crashes in the South Lake Tahoe area during the past ten days.

Four members of the Gerald Knoblett family of Culver City were killed last week when their plane crashed nine miles from the South Lake Tahoe Airport.

Two men and two women were cremated in a plane owned and piloted by Fred Kirkwood, Jr., of Kern County Monday afternoon. The plane was airborne for half a mile after takeoff and then dropped into a nearby pasture and burst into flames.

Agreement Made By Utility District With Power Firm

The Truckee Public Utility District and the Sierra Pacific Power Company negotiators have reached an agreement on a comprehensive plan for electric service in the Truckee Donner area, TPUD Manager Francis Longo and Neil W. Plath announced yesterday.

Directors of the Sierra Pacific will have to review the proposed terms of the agreement, Plath said, before the utility and district consider negotiations.

"There is also review of the proposed agreement by the California Public Utilities Commission and the Federal Power Commission to be considered," Longo added.

Presently in the Truckee Donner area, the TPUD is virtually surrounded by Sierra Pacific service and the investor-owned utility wholesales electricity to the TPUD.

The proposed agreement would:

1. Allow the TPUD to complete modernization program and establish a single point of delivery for power from the Sierra Pacific.

2. Permit review of wholesale price the TPUD now pays with a view toward long-term downward adjustments of retail prices based on the wholesale price.

3. Establish the territorial integrity of TPUD and Sierra Power, thus eliminating differences such as those which have developed at the Placer County line this summer.

4. Balance out customers in the area so both utilities can provide better service without overlapping.

5. Eliminate duplicate facilities except where economical operations warrant such duplications.

Both men said these would be few.

6. Preclude differences arriving over Sierra Pacific transmission facilities being located in TPUD territory.

7. Create a pattern for arbitration of difficulties which might arise from this agreement even though negotiators for both sides have agreed at this time.

Both men stressed that no agreement can be binding until Sierra Pacific directors review it and it has the blessing of regulatory authorities and has been reviewed by the administrators for the Rural Electrification Administration.

Three Killed Here During Weekend

This area contributed liberally to the traffic death toll in the state during the bloody long weekend.

Three people were killed in two separate accidents on Interstate 80 and a number of others were injured, according to a report from the California Highgway Patrol.

In the first tragedy, Louis McIntost, 40, and his wife, Bessie Mae, 38, of San Jose, died Sunday at 12:45 a.m. when the car driven by the former crashed into the rear of a slow moving freight truck 400 feet west of the Rainbow turnoff.

According to the patrol, McIntosh apparently misjudged the speed of the truck he was following in the east-bound lane and crashed into the rear, demolishing the lighter vehicle and fatally injuring the two occupants.

The bodies of the victims were taken to Quinn's Mortuary at Colfax.

The truck driver, William A. Richards, 37, of Rapid City, South Dakota, was not injured.

50 YEARS AGO

From the Truckee Republican

Last Thursday night, a fire, thought to be incendiary, destroyed Meadow Lake Union High School here. The total loss "will probably reach $15,000." School started Wednesday in temporary quarters in the grammar school "so no time has been lost in school work."

C. A. Ocker was elected justice of the peace with 269 votes to 113 for W. H. Rapp. John Fay defeated C. E. Smith for supervisor 271 to 118.

Last Friday alone there were seven forest fires reported to the local office of Ranger F. A. Wilson. They are all promptly attended to and this alone saved them from being disastrous blazes.

Mrs. Samuel Cavitt entertained a party of friends at her home in Martis Valley last Friday evening.

Robert Bick and family left last Saturday for Sacramento where he has been transferred by the S.P. Company.

Earl Smith, son of C. E. Smith, the groceryman, shot himself through the hand last Saturday afternoon while he was playing with an automatic revolver owned by Frank Cozzalio.

Truckee Merc was offering first grade coffee at 23 cents in one pound cans.

With the deer season opening next Tuesday, warnings are being issued by District Ranger H. I. Snider of the forest service that the forest is very dry and fires are a danger. Game Warden Bill LaMarr will head a group of wardens during the opening days of the season.

A 5-acre base for equipment has been acquired near Eecho Summit and the state this year will attempt to keep Highway 50 open. Recommendation for the new service was a recommendation by Gov. Culbert Olson.

Chief N. F. Dolley and Assistant Chief Tony Pace of the Truckee fire department are attending the convention of Pacific Coast Fire Chief Association at Reno.

Work on the home of Mrs. Alfred Erman on Brockway hill is nearing completion, Contractor Andy Sorenson reports.

Grant Expected To Aid Tahoe Fishing

Assemblyman Gene Chappie appeared before the California State Wildlife Conservation Board to successfully secure a $45,000 grant for the expansion of the Moccasin Creek Fish Hatchery in Tuolumme County.

Chappie said that "the expansion of this hatchery will assist in providing a better fishery in Lake Tahoe."

Chappie further stated that, "a recent California-Nevada cooperative fishery study of Lake Tahoe was completed by fisheries biologists from both states. The conclusions reached were that there was a reasonable chance of success for a large stocking program of kokanee fry in the order of 10 million annually.

Kokanee hold great promise for Tahoe because they would realize maximum production of game fish from this relatively infertile water. The very short food chain, going directly from plankton in the open waters of the lake to game fish, in the case of kokanee, will produce about 10 times as much game fish flesh per surface acre of lake as a three-link food chain like the one for lake trout — plankton to minnows to lake trout, he said.

The department has had good success elsewhere planting small kokanee in the open waters of large lakes. The fish are stocked about the time they begin to feed, making them very inexpensive to produce.

Natural runs of kokanee in Taylor Creek, tributary to Lake Tahoe, have been large enough to provide about 4 million eggs in some recent years. Unfortunately, the lake's tributaries are far too limited to produce enough fry to develop a fishery in such a large body of water. However, California and Nevada biologists believe the chances of doing so with hatchery-produced fry are excellent. Under this grant fish will be catchable in Lake Tahoe by 1970.

The Mississippi River deposits one million tons of material in the sea each day.

From Curt's letters, no one need think he has a minute's relaxation as he is constantly on guard. It is impossible to imagine, even reading his letters, what a terrible experience this war is for those fighting it.

TAHOE MAN TO SERVE ON APPEALS BOARD

AUBURN — Appointment of a five member building permit appeals board has been announced by the County Board of Supervisors.

The members, all from Placer County, are Earl Kelly of Tahoe City, James D. Arnett of Loomis, John Montero of Roseville, Arnold Lyons and Jon Lardner of Auburn.

NEW FIRE STATION FOR TAHOE DISTRICT

TAHOE CITY — Frank Stella was the low bidder for construction of a new $51,283 fire house for Tahoe City.

Officials of the Tahoe City Fire Protection District hope to move into the new quarters at the corner of Observation and Panorama drives in the Dollar Hill area before Christmas. The new structure will be one story and will occupy 3,200 square feet, with stalls for three pieces of equipment. There will also be an office and living quarters.

HIGHWAY DIVISION PREPARES FOR SNOW

The state division of highways is converting three overhead steel bunkers from sand to salt storage in the high mountain regions along Interstate 80 and Route 89 and opened bids Aug. 18 for painting the three units to get them ready for winter use.

The bunkers were no longer needed for sand storage and this is one method of reclaiming them for service without building new facilities.

There were 11 bidders on three separate contracts and low bidder on all three was Morrison Painting and Decorating of Sacramento. His bids were $1,694, $996 and $996.

The storage bins, two of which were moved for improved efficiency, are located 11 miles east of Colfax and 12 miles east of Truckee, both along I-80, and at the Tahoe City maintenance station for service on Highway 89.

Work will start in three weeks and will be completed about a month after that..

POPULATION GAIN IS REPORTED IN STATE

SACRAMENTO — (CNS) — The population in California reached a total of 19,195,000 on July 1, according to estimates of the state department of finance, a gain of 469,000 frm a year ago.

In Nevada county, the department estimated the population at 25,300, as compared to 25,100 a year ago. This was an increase of 200 or 0.8 per cent.

The biggest numerical gain, of course, was in Los Angeles, where the population climbed 88,900 to a total of 6,957,200. Orange county grew by 78,500 persons and San Diego by 52,800.

The biggest percentage gain was in Mono county, where the increase from 4300 to 5,00 persons amounted to 16.3 per cent. Monterey county showed a gain of 8.3 per cent, followed by Tuolumne with 7.7 per cent.

The first California State Fair was held in San Francisco in 1854.

Donner Doings
By Mrs. Carson "Vi" White

No complaints as far as the weather was concerned surely. It was perfect and the kids and grown ups had a grand time during vacations end.

Fishing was fantastic and from the 15,000 that were planted last week, I'll wager that 1,500 were taken out over the long weekend. Everybody got limits sometime.

Now for our lovely Indian summer days!

ELECT OFFICERS

The Donner Lake Property Owner's Association held their meeting on the beach Sunday and the following officers were elected: president, Desmond "Des" Wirth of Concord; 1st vice president, Morby Swanson of Donner Lake; 2nd vice president, Dick Brooding of Saratoga; secretary, Dawn Whitney of Donner Lake and treasurer, Jim Cullen of Belmont.

Des has appointed these members as committee chairman: Jim Peters, roads; Bill Long, acquisitions; Jack Logan and Jim Downing, beach; and Vi White, public relations, Truckee-Donner Chamber of Commerce representative.

Other board members are past president, Bill Murphy of San Francisco; past 1st vice president Jim Peters and past 2nd vice president John Maragliano of Donner Lake.

Things are at a standstill on the road situation, some of the bonds have been bought, the bid for the construction was higher than estimated, so assessments will be more and another public hearing is now set for September 20th with the Nevada County Board of Supervisors in Nevada City.

It is still hopeful though that some drainage construction can get started before the winter rains.

YACHT RACES

Sky Mile's Cottage Pines Resort will be the site of the start and finish lines for the Lido-14 Invitational yacht races this weekend. Members of the Donner Lake Sailing Club will host the affair and fun activities.

There will be two races Saturday, 10 a.m. and 2:30 p.m. One on Sunday, at 12 noon.

The skippers meetings will be held at Donner Lake Lodge as will the presentation of trophies after the final race and the steak dinner Saturday night.

Judges for the races will be Floyd Weinberg, Les Hadley, Sky Miles, Carson White and Leland Brown. Lloyd Pratt is racing chairman.

Last year, Agee Kading of Chico won the overall trophy, a perpetual award from the Truckee-Donner Chamber of Commerce. Howard Mehl of Roseville won the Corum Family award by placing first among the Donner Lake Sailing Club members. Fred Hodder of Truckee was 2nd place winner of club members and received the Howard Mehl perpetual award.

Last year an unsual east wind blew, but with the strong west winds we have been having each afternoon, it is hoped that the races will be excellent.

BEAR VISIT

Lynn Peters, up for several days to end the summer vacation had to curtail her activities the last few days. She fell down the inside stairway in the cabin and has a mighty sore elbow and a few bruises too.

She and her family and others in the Weeks Tract have noticed the return of the garbage scrounging bear!

BACK IN STATE

Bob and Marge Cullen spent a nice vacation in their cabin at Donenr Ski Haven with their daughters, Mary, Patty and Teresa. A welcome change after Bob's transfer to Chappaqua, New York last year. Mighty good to be back in California again they said and to visit with brother Jim and family.

POULSEN PICNIC

It's too bad Wayne Poulsen was out on a flight and missed the Poulsen annual picnic in Squaw Valley Sunday evening, but Sandy was the perfect hostess and had everything for the guests.

And there was eagle eye John Corbett helping put up the lamps and tables before the guests arrived showing off an arrowhead he had just found. We tried our, best, but only found chippings.

About fifty people enjoyed the deliicous snacks, cocktails, barbecued steak and the campfire singing of cowboy songs with Dick Frost and his guitar. Dick used to sing with the Son's of the Pioneers and has an excellent voice.

TINKER BELLES

The Sierra Tinker Belles Garden Club will be meeting at the home of Dorothy Maragliano on South Shore Drive at Donner Lake September 13th at 1 p.m. Dot will be showing her method of making hooked rugs and those she has made.

The group recently made parchment notes to sell for the Swim Pool Fair this Sunday at the Recreation Park.

"Vive Les Girls" Is Great Variety Show

CRYSTAL BAY — With he passing of Labor Day, Lake Tahoe crowds thin out a bit . . . but not at North Lake Tahoe's Nevada Lodge, where "Vive Les Girls" continues to startle, amuse and amaze show buffs.

"Vive Les Girls" is a lavish production in the exotic Continental manner, replete with glamorous showgirls from Europe, Asia and the U.S., presenting exciting production numbers and dance creations.

"Vive Les Girls" lives up to its name with some of the most stunningly beautiful girls to walk a stage. But it also features other facets of the entertainment world, to round out a fast-paced and intriguing revue.

English-born Gary Marshal is the male singing star of the show. Tabbed as a new Robert Goulet, Marshal has two RCA Victor albums out, which have received generous airings over metropolitan radio stations. He will be announcing his premiere motion picture role soon.

Also giving "Vive Les Girls" wit and charm, are several specialty acts gathered together for the first time. Charlotte Arren and Johnny Broderick for example, are two veteran show personalities who have created "Opera in the Ruff" — a favorite routine in the U.S., England and the Continent.

They go back to the colorful vaudeville days and have been featured in many musical comedies: four Earl Carroll Vanities, for example. With the smooth assurance of veteran pros, they captivate audiences just seconds after they take over the stage. Their sparkling humor is a unique combination of old-time vaudeville and space-age comedy. Johnny Broderick is a top notch songwriter, too, with hits such as "'Little Darling", "Call Me" and others to his credit.

"Vive Les Girls" will continue nightly at Nevada Lodge through September. Also featured in continuous entertainment from dusk 'til dawn in the Topaz Room Lounge. Currently appearing are the popular singing group, The Cousins, sharing the spotlight with Lewis and Marone.

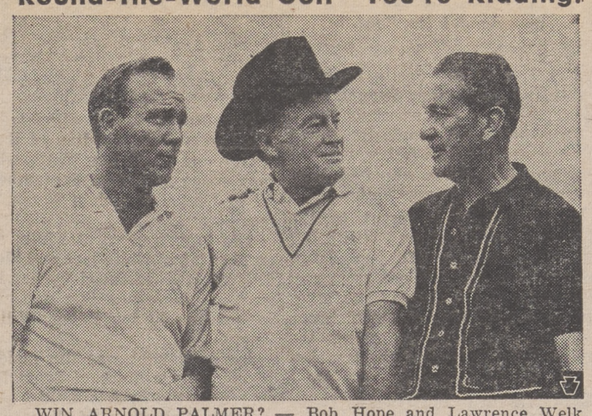
Round-The-World Golf—You're Kidding!



WIN ARNOLD PALMER? — Bob Hope and Lawrence Welk thought Arnie was kidding when he told them about his golfing challenge now open to amateurs from coast-to-coast. Palmer's Round-the-World golf contest pits his golfing judgement against both duffers and experts alike who must match 18-holes selected by Arnie from world-famous courses in ten countries. The three top winners and their club pros will jet with Palmer to Australia via Qantas Airways for a two week golfing holiday. Winners will sight-see and take in the Australian Open and Dunlop International tournaments and play practice rounds with golf's all-time leading money winner on championship courses. Several hundred other golfers will win complete sets of golf clubs, bags and professional golfing equipment. Win Arnold Palmer contest kits are now available free at travel agencies and golf pro shops everywhere.

YOUNG PEOPLE ARE SOUGHT IN FOREIGN SERVICE ACTIVITIES

WASHINGTON, D. C. — Congressman Harold T. (Bizz) Johnson, representing the second mountain-valley counties district today announced that the state department is anxious to have young men and women participate in an examination for junior foreign service officer.

Junior foreign service officers are selected by an annual series of examinations. The selection process has four stages: (1) the written examinations; (2) the oral examination; (3) medical and background examination; and (4) training and probationary service. The next written examination will be held on December 3, 1966 at 293 examination centers throughout the United States and at any American diplomatic or consular post abroad.

Applicants who will be 21 and under 31 years of age as of December 3, 1966, and who have been citizens of the United States for at least 7 and one-half years as of that date, are eligible to take this examination. A person 20 years of age is eligible to take the written examination if he either has a bachelor's degree or has successfully completed his junior year in college before the date of the examinations.

miles east of the Castle Peak Interchange on Donner Summit. The body, held in the wreckage by a safety belt, was ironically found by the young man's father, Edward McConnell Griffith who had been vacationing at Squaw Valley.

According to a report to the highway patrol, young Griffith left San Francisco at 1:30 p.m. Saturday. When he did not arrive at Squaw by 11 a.m. Sunday, the father notified the highway patrol but a search and inquiries along the route failed to locate the traveler.

At 4:30 p.m. Sunday, the elder Griffith went to the Truckee Tahoe Airport, chartered a plane piloted by Lee Brinkley, and flew over Interstate 80. A few minutes later the red station wagon was spotted standing on its rear in the canyon.

Apparently, the vehicle had left the highway, climbed over a slight rise and plunged down the steep mountainside. The wreckage was not visible from the highway. Time of death was tentatively established at 6 a.m. Sunday.

The body was removed to Truckee Colonial Mortunary pending arrangements.

OTHER ACCIDENTS

George T. Brennan, 47, and his wife, Racine, 42, were injured at 5:20 a.m. Monday when the car driven by Mrs. Brennan ran off the freeway near Kingvale and dropped 20 feet below the grade. The couple was taken to Tahoe Forest Hospital by Truckee Ambulance and later removed to Reno.

Ladaine McEachrin, 42, Vallejo, suffered injuries which necessitated hospitalization after he fell asleep and his car ran off Interstate 80 near Hampshire Rocks at 12:30 p.m.

Dorothy Abizaid, 57, San Francisco, escaped with minor injuries after she ran into the guard rail at the Boca bridge at 3:30 p.m. last Thursday. Mrs. Abizaid told the CHP that a freight truck driven by Mickey Lee Willis, 49, Sparks, was passing and she applied her brakes and lost control. She was cited for illegal lane change and unsafe speed.

Jerry Gates, 20, San Jose, a passenger in a car driven by Roff Robert Barnet, 20, Campbell, was hospitalized with injuries after Barnet lost control of the vehicle while attempting to avoid a rock on the highway a mile and a half east of Hirschdale Saturday at 3:55 p.m. The driver was cited for not having his vehicle under control.

From San Jose —

Mr. and Mrs. James Raffatto of San Jose arrived Monday to spend the last days of summer at Donner Lake.
